Policy Directives

114. “The NHI healthcare services will not be based on a negative or positive list nor on a PMBs type of package. NHI priority setting will be through explicit guarantees using gate keeping at PHC level, a clearly articulated referral system, the use of clinical guidelines and protocols and HTA on the process of priority setting.”

PMB Review : Strategic Approach

- Look at the mandates as articulated in the Policy Paper on the NHI
- Ensure that the PMB Review process is aligned with the NHI policy proposals
- Ensure that the finalised PMB service benefits are in alignment with the NHI service benefits
- Ensure that the PMB Review is done in close collaboration with the NHI Benefits Advisory Committee and other relevant committees

NHI benefits framework

- Primary health care
- Hospital based services
- EMS and patient transport
- Other services

NHI service benefits

- PHC service benefits
 - Disease Prevention, Health promotion, education, PHC outreach homecare
 - Maternal, women, child health, reproductive services
 - HIV and tuberculosis
 - Chronic non-communicable diseases
 - Violence and injuries
- EMS
 - Basic, intermediate, advanced life support
 - Medical rescue, initial assessment, stabilisation, management, resuscitation

Way Forward

- Circular 42 of 2017 was published to invite stakeholders to consultative meetings
 - The aim of the consultative meetings is to engage key stakeholders in discussions to finalise the structures and processes that will be used to drive the PMB Review .
- Appoint members to the different committees (July)
 - >60 CVs received
- Multi-stakeholder workshop (Aug-Sept)
- Invite stakeholders to make submission on the different service benefits (Aug-Sept)
- Schedule meetings to discuss submissions of the different service benefits (Sept>)
- Schedule meetings to cost the service benefits (Sept>)
- Develop a costed proposed basket of service benefits (March 2018)
